

# Iridium Mast Mount Antenna RST710

## RST710 – Iridium Antenna – Pole / Mast Mount with U Bolts / Pipe

Iridium Pole Mount Antenna RST710 is designed for Maritime based applications. Designed to work with Beam Iridium products and will work with other Iridium based devices. Antenna cable connection is inside the antenna and protected from the environments.

## SPECIFICATIONS

### FEATURES

<b>Design</b>	Iridium approved
	Designed for harsh environments
	Small and lightweight
	Weatherable polymer
	Manufactured in the USA
	12 Month warranty

### APPLICATIONS

Boats/Ships
Luxury Yachts
Fishing Vessels

### ACCESSORIES

RST932 Beam 6m (19.6') LMR240 Iridium antenna cable kit.
RST933 Beam 12m (39.3') LMR240/LMR400 Iridium antenna cable kit.

### SPECIFICATIONS

<b>Frequency</b>	1616 – 1626 MHz
<b>Polarization</b>	Right Hand Circular
<b>Axial Ratio</b>	3.0db Max at bore sight
<b>Impedance</b>	50 OHMS
<b>VSWR</b>	<2.0 : 1
<b>Power handling</b>	1 Watt
<b>Finish</b>	Weatherable Polymer
<b>Weight</b>	11oz or .68lb Max
<b>Altitude</b>	20,000'
<b>Connector</b>	TNC Female
<b>Colour</b>	White
<b>Operating Temp</b>	-40°C to +85°C
	-40°F to 185°F
